Dear Mr. Hui,

Thank you for your letter of August 8th informing me of your endeavors to raise funds for a new heliport at the Queen Victoria Hospital in Revelstoke. I am fully supportive of your plans for construction of the facility.

As stated in your letter our community has grown and I agree that aside from our local residents' needs for the service, it is important that we have the necessary emergency services for the significantly higher level of visitors we are currently experiencing.

Given the direction we have taken as a community to further increase our recreational activities related to mountain sports it is imperative that we can provide the best care possible when accidents happen.

I applaud your efforts and wish you the best with this endeavor.

Best Regards,

Loni Parker,
Regional Director
