Revelstoke District Health Foundation
PO Box 2421, Revelstoke, BC
VOE 2S0

Ladies, Gentlemen,

Revelstoke Search and Rescue is happy to lend our support to this worthwhile project.

As a provider to the community of Revelstoke with pre-hospital care, we are very much aware of the complications that currently exist from the lack of timely access to the Queen Victoria Hospital by helicopter.

At present, we are obliged to land at the Revelstoke Airport with critically injured subjects, then transfer them through BC Ambulance Service for access to Queen Victoria Hospital. This results in a time delay that is typically an extra 20 to 30 minutes before they can be seen and treated by emergency physicians and staff at the hospital.

A heli-pad at the hospital could easily mean the difference between life and death for a severely injured patient.

Please add our name to the growing list of supporters for this project. If we can be of any help, do not hesitate to contact us.

Best Wishes

A handwritten signature in black ink that reads 'T.S. Buck Corrigan'. The signature is written in a cursive style and is placed on a light-colored rectangular background.
